

## Challenges: Blueprints For A Genuine Faith

Do you feel you are living the powerful life experience that God has created for you? Has the story of your faith been one to celebrate; or a walk that has been littered with disappointments due to forms of brokenness or wounded behaviors? You are not alone! In a society that is leaving its Christian fundamentals in the rear view mirror, its inevitable that believers will find much greater challenges in their walk of faith. God has an amazing life plan for each and every one of us but too many of Gods children are walking through life spiritually handicapped and unable to experience their own unique identity and promise land that God has created for them. In Challenges Barron Cheek provides powerful, scripture based application of the basic principles that are imperative to having the faith-based life that is part of Gods plan; not the worlds plan. The world wants you to remain broken and unfulfilled as a slave of its machine. God has much more of a life for you than the World could ever provide; but the road is not easy and there are certain principles and concepts we must be obedient to in order to walk successfully with our spiritual Father into our own unique destiny and escape the Worlds agenda. Are you ready to overcome the world and have a life you can be proud of? Are you ready for the challenges of being what God created you to be?
