

## The French Deception

Tourist or Terrorist? When her backpack is stolen in a Paris museum, American tourist Megan Chandler is stranded in Europe with no passport, no money, and no cell phone. Unable to contact family or friends, with no place to stay, she can't imagine things could get any worse. Until she discovers she's the main suspect in a terrorist bombing. Computer geek Paul Bernard isn't having a good day. On his way to his job at the British Embassy, the building explodes before his eyes. The security photo of the perpetrator looks exactly like his hot French girlfriend. Who seems to have disappeared, along with his security badge. And when he finally catches up with her, she claims she's someone else. Did his girlfriend bomb the embassy? Or is Megan the terrorist? Paul isn't sure if he's the biggest dupe in Europe or the hero Megan seems to think he is. All he knows for certain is that he can't let this deceptively innocent look-alike out of his sight. Or into his heart.
