

Little Fish: Sunday School Curriculum

We believe that Sunday School Curriculum is important! When flipping through the curriculums that are out there we realized that we couldn't afford them. It can cost a hundred dollars for a season. Four hundred dollars felt like a burden of a price to pay for a year; but we didn't want to cut our kids short! We know that kids are very important and we understand that they deserve the best! We decided to put together a year's worth of curriculum and price it for very cheap! It includes before and after lesson questions, snack ideas, prayer, and an activity or an easy craft. It also includes weekly challenges, memory verses, and of course the lesson itself. We have broken it down into nine different series that will take you through the year. We really hope and pray that our Little Fish Sunday School Curriculum can bless to you and your kids. Once you have purchased the book we are able to send you a PDF copy of the book as well.
