

## The Last Nazis: SS Werewolf Guerrilla Resistance in Europe 1944-1947

Founded by Heinrich Himmler in 1944 when it became clear Germany would be invaded, the Werewolf guerrilla movement was given the task of slowing down the Allied advance to allow time for the success of negotiations, or wonder weapons. Staying behind in territory occupied by the Allies, its mission was to carry out acts of sabotage, arson, and assassination, both of enemy troops and of defeatist Germans. Perry Biddiscombe details Werewolf operations against the British, Russians, and fellow Germans, on the Eastern and Western Fronts and in the post-war chaos of Berlin. Giving the lie to the established story of a cowed German population meekly submitting to defeat, this is a fascinating insight into what has been described as the death scream of the Nazi regime.
