

With Crow; The Tale of Two Sisters

Julie and Bridget are condemned to live in San Francisco with the two meanest people on the planet, Aunt Rosie and Uncle Sam after their parents perish in a fatal head on collision. When the girls are old enough to plot their escape, they receive a mysterious letter from a W.C. the last person to see their parents alive. *With Crow; The Tale of Two Sisters* is a middle grade novel laced with Native American themes, adventure, and a story driven narrative. The main characters are on a mission to find out the facts around their parents death. The sisters encounter danger, new friends, and a crow they name Angel as they bike, bus, and train their way back to Wyoming to find a connection to their past. Julie Bridget meet a host of characters that include an old man, a migrant worker, and Sioux American Indians that all play a role in leading them to the truth. Angel becomes just that-- a winged guardian that watches over the girls and leads them to W.C. and the person responsible for their parents death.
