

A Heavenly Affair

David has steadily risen in the heavenly ranks since becoming an angel. Unexpectedly, he is yanked from his supervisory position to do a special field assignment he isn't sure about because he can only see trouble for his career resulting from the job. Unbelievably, he is asked to accompany God on a vacation and keep him from causing problems. However, trouble is what God intends to find when he leaves his powers with his archangels and sets out as a human to learn firsthand how the Devil has been able to run amok on Earth. David and God leave heaven to take a cruise in Russia from Moscow to St. Petersburg, and David quickly realizes he has been duped. Some of the vacation arrangements are far from what God expected. Worse, God never intended for him to come along, and a battle of wits begins as God stays determined to explore every avenue of sin the Devil uses to corrupt men's souls while David has to find ways to prevent it from happening, especially if he hopes to get his old job back. David also doesn't know that the Devil has a few devious plans of his own to interfere with God's vacation, and he is soon deeply embroiled in an escalating mess when a sexy lady entangles God in her charismatic spell. Yet the devilish Karen is only one of his many problems. A pair of conniving undercover angels, who feel underpaid and underappreciated, are also on the loose, eagerly stirring up trouble and looking for an easy scam to compensate them for being assigned the lousy job of watching over Mr. Peter Attaway and his strange son --- also known as God and David. And then there's Julie, a wonderful young woman who irresistibly tugs at his heart, reminding him of his former life where so many of his dreams went unfulfilled. Everything comes together on the cruise --- where the Valjak clan with their large cast of fun-loving characters out for a rollicking family

vacation add to Davids problems and routinely keep him guessing whats going to happen next. Throw in sweet, seductive Mabel, who decides to make God her next husband, and Ruth, her fiesty, sarcastic sister, and the plot begins to boil while the wonders of Russia and its unique culture and superstitions stir their many adventures. Eventually, David faces some difficult decisions and a choice he wasnt expecting because the Devil isnt the only one with some tricks up his sleeve. God has been around the block a few times, and even without his powers, things arent always what they might appear to be. Just about anything can happen. But what else would you expect where love, laughter, and lies mix in a heavenly affair!
