

The Gap Between Two Worlds: Turning Difficult Life Transitions into Personal Growth Experiences

Are You In Transition? Perhaps you are in a career change, new marriage, or relocation. Maybe you are in the midst of a more difficult life transition such as the death of a loved one, divorce, or job loss. With any significant life change - good or bad - you may find yourself stuck between your familiar, normal old world and the unknown, perhaps even frightening new world that awaits. Welcome to the Gap. In the beginning, the Gap is a place where uncertainty, isolation, fear, and self-doubt can stifle, even paralyze, your progress through a transition. Yet in the pages of this life-enhancing book, you'll learn how to transform any transition into an opportunity for enlightenment, self-empowerment, insight, and even inner peace. You wouldn't go on a long journey without a road map. Why, then, would you choose to navigate a difficult life transition without Kevin McNulty's new book in hand? Complete with personal reflections for each compelling chapter, *The Gap Between Two Worlds* is a necessary companion on the path to self-discovery and personal growth. Marshall Goldsmith, million-selling author of the New York Times bestsellers, *MOJO* and *What Got You Here Won't Get You There*. Your ability to adapt to change and grow through each transition in your life is the key to happiness, health and greater success and this book shows you how to do it. Brian Tracy, Author, *No Excuses!* After an automobile crash left me blind, I was thrust into a harsh new reality. I was caught in a world that seemingly withheld all attractive options. For me, and so many others who have found themselves in *The Gap*, it feels like a private affair. You are left to search the recesses of your mind for a convincing Plan B. That's exactly what this book presents with such memorable clarity - the opportunity for a new and better life through self-discovery and personal growth. David
