

## Acts and the Isaianic New Exodus (Biblical Studies Library)

New Testament scholars have long recognized the use of Isaiah in the Lukan narrative. While previous studies have focused on isolated quotations and allusions, *Acts and the Isaianic New Exodus* provides a fresh reading that examines the wider relationship between Isaiah and the Book of Acts. David Pao recognizes the new exodus program of Isaiah as a hermeneutical key that offers important clues to the structure and function of Acts and the entire Lukan narrative.
