

# ALL TRUTH LIES: THE GOVERNMENT: A SECTION FROM VOLUME 1

ALL TRUTH LIES - THE GOVERNMENT is a small section from ALL TRUTH LIES - VOLUME 1. ALL TRUTH LIES IS AN INTERACTIVE EBOOK where you can read about some of the issues that are plaguing our society and post a comment. This section on THE GOVERNMENT is not very big. I think it proves that not many people are interested, and they dont believe our government worksso whats the point. Of course, there are people who are very passionate about the government. They take the time to understand what our laws mean and they cast their ballot in every election with a full comprehension with what their vote means.

Then, theres the rest of us. We dont REALLY understand what a lot of it means so we couldnt be bothered, unless it affects us personally. Do we even trust our government? We know the government spends millions of dollars in foreign affairs, but we watch our own veterans, who fought for our country and were lucky enough to survive and come home, live homeless on the streets. We know that people have died for the right to vote, but we have also heard there have been elections where a lot of votes werent even counted. (Remember the Florida chad fiasco?) Did you know that we may not have enough money to continue Social Security? Yet immigrants are allowed in our country every day and become financially independent with the governments help. And we are all are smart enough to know that every president is lovedand hated. Each one of them has done things to make our lives betterand worse. Each one has begun his term with the mess the former president has left behind, but catches the blame for not solving the issues the former president couldnt solve. Our country is in sad shape when someone can spend 50 years in prison with a room, a bed, and 3 meals a day, while others have lost their jobs and

are living in tents and starving. Our food is garbage, healthcare is expensive, education costs too much, and more and more people are living in poverty or very close to the poverty line. So, this was created, not for the people who are government savvy with the good jobs and the vacation homes, but for those of us who are just coasting through life just hoping to survive.
