

# Spiritual Energy Discs 101: The Ultimate Guide to Healing, Meditation, Protection, and Achieving Enlightenment Using Spiritual Energy Discs

This e-book is a comprehensive guide to healing, meditation, and protection through the use of spiritual energy discs. You will learn what they are, how they are designed, and how to put them to positive use in your life. One way to heal and protect ourselves is by meditating. If you've ever meditated before, you already know the great benefit of having done so. The goal is to calm our mind and silence our ego. To find tranquility and to let the healing and protection begin. There are many ways that people meditate and reach this healing and protective tranquility. There is no right or wrong way. To maximize meditation and target a specific problem area, metaphysical tools may also be used. Such tools include, but are not limited to: various crystals and gemstones, gazing balls, pyramids, and energy discs. The tool we're going to focus on for achieving our intention, are spiritual energy discs.
