

Hidden in Plain Sight-The Mantra of Jesus Christ

Christian seekers are often frustrated by the parables spoken by Christ. There is a sense that there is something crucially important being said but that it is hidden from us. New testament readers wonder why the tools of salvation and enlightenment are reserved for a special few and hidden from the rest. However, Christs teaching and ministry are characterized by openness, and compassion for all. Of course, he would not leave his children in darkness. The truth is there, if only we could see it. Hidden In Plain Sight focusses our view of the Gospels. In it we are shown that Jesus, in his love for us, has indeed provided a clear road map back to his Father. Christian seekers are given a tool that carries them all the way, that provides an emotional immediacy to prayer and meditation. This tool is a mantra, spoken in Aramaic by Jesus and, remarkably, preserved in the Gospels. Readers are invited to reflect anew on the teachings of Christ and to take this priceless gift presented to us. This is the Good News.
