

Bare Skin: A Billionaire Romance

Money gave me power, but a tattoo made her mine. When Willow walked through my door, I knew one thing for sure: I wanted her all to myself. So I took her the only way I could... With ink. The tattoo I painted on her bare skin told the world she was mine. It would give her everything she could want--money, power, fame. And more importantly--Me. But I f*#ked up. I shattered her dreams and I didnt even realize it until it was over. I never meant to hurt her. Now, Im dead set on fixing what I broke, with or without her permission. But what if she wont let me? What if she refuses what Im offering her? Willow thinks that loving someone is hard. I think having to live without her would be even harder. *Authors Note* This full-length, standalone novel is a sweet read, with some steamy scenes that will make you sweat. This book contains a guaranteed HEA and is intended for readers 18+.
