

## Battle of the Bulge: Hitlers Ardennes Offensive, 1944-1945

On December 16, 1944, Hitler launched his last desperate offensive of World War II, a final great gamble designed to smash his American and British attackers. Danny Parker's ground-breaking *Battle of the Bulge* was a Military Book Club Main selection. This 320 page book features 275 rare photographs, 18 new maps, and a specially painted cover by Don Stivers, as well as special sections on why the Germans lost and why the Allies won. Critical acclaim for *Battle of the Bulge* has included: Danny Parker has written a valuable guide to the history of Hitler's last offensive in the West, which contains particularly useful perspectives on the nature of German operations. Students of the battle will find the divisional maps and orders of battle an informative source of information.
