

## Becoming Bigger Than Our Pain - Thru Love & Courage

What to say and do for those who are coping with a life threatening situation or death of a loved one. Sandy has lived every parents nightmare. She lost her first child suddenly in a car accident and her fourth child eight years later to cancer. This is not her life story. It is a peek into her pain, to allow the reader to understand how to help. This guide not only tells the emotional story of losing a child, but presents suggestions and ideas for helping others who may be experiencing a life threatening situation or death of a loved one. Based on her experiences, Sandy gives suggestions on what to say and do, and what not to do. *Becoming Bigger Than Our Pain* empowers others to reach down into their souls and find the strength to help themselves and those suffering the loss of a loved one. Sandy's guide shows that pain is often beyond words, but never beyond love.
