MIA Jay Bradshaw. My boyfriends best friend. He was never supposed to be anything more until he was. When my college boyfriend betrayed me and left, breaking my heart, Jay picked a side. He chose me. He stayed, and for the past six years, hes been my rock, my anchor, my compass Now weve grown up, finished school, and have careers. Me as a nurse practitioner; Jay as a doctor. Hes been everything I needed, but now I want more. I cant stop thinking about him, and Im done hiding it. Its time to find out if he wants me, too. JAY A friend. Not a lover. Thats who Mia Waters is to me. Ive tried damn hard to make sure our relationship stays that way. Im the shoulder she leans on, the last one to talk to her before she goes to sleep at night And after six years, she means more to me than my own family. The moment I met her, I wanted her. But she belonged to someone else, so I pushed the need down. I didnt take what I wanted. Im not that guy. Her happiness meant more. Until now. Until she asks me a question that shatters our unspoken boundaries. Have you ever thought about having sex with me? Six years of keeping her at arms length, and I can feel myself starting to give in and lose control with her. I cant let it happen. There are reasons I didnt get close. She hasnt let go of her ex-boyfriend, not really. And she has no idea about the lies Ive told her. What if she finds out about me? What if she finds out who I really am? And what will she do when I leave?
