

## The Best of Both Lives

A woman wakes up in an airplane lavatory with no memories in her brain at all. Nothing. Fear grips her body and she knows in that instant that they are after her and that they will kill her. Picking up her book from off the floor, she sits in the first vacant seat. When the airplane lands in Denver, she bolts for the exit and runs for her escape. The loud bang on Scott Jensens front door jolts him with surprise and he is shocked when he opens the door and a woman falls into his house. As he rallies her around enough to talk, she barely knows her name Nichole. Prying a book out of her hand, he tries to take her to the hospital but she wont allow it. Scott insists that she stay the night. The night turns into four months and a full-blown love affair. Scott and Nichole try to keep her whereabouts a secret; they change her name and dye her hair to help confuse the situation. The people after her blanket the city with missing persons flyers and send a man that tells everyone hes related. Scott and Nicholes desire for a normal life looks bleak and her fear that she has endangered Scotts life compounds when he has to leave for an exclusive art show. Knowing only one way to really keep Scott safe forever, Nichole runs back to the very people who are trying to harm her until she remembers the book.
