

## The Magic Pill: The easy way to love yourself

Loving yourself is the most important state you can achieve since it affects everything else in our lives. The choices and decisions we make are based on how we feel about ourselves; we teach others how to treat us by how we treat ourselves; and we treat others based on how we feel about ourselves. But, loving yourself can feel weird, uncomfortable, and even impossible - until now! The Magic Pill makes loving yourself easy and automatic!
