Would you like to learn exactly how you can read the body language of others in order to better understand their true feelings & intentions? Would you like to know exactly how you can exert a powerful yet subtle influence on those you interact with in your personal and romantic relationships, as well as in your work life? If the answer to these questions is yes, this book will provide you with the answers you've been looking for! It is not too much of an exaggeration to say that body language is perhaps the defining factor in how others form their impressions of us. With studies showing that up to 70% of our communication is non-verbal, what you say is not nearly as important as the messages we all give off non-verbally. Despite this, most people are not consciously aware of their own body language or the body language of others. Now, with the help of this incredible book, you have the opportunity not only to learn how to decipher what others are truly thinking and feeling, but also how to use your own body language to exert powerful yet subtle influence in all areas of your life, from your personal relationships, romantic encounters and your work life. In this book we will look at: Why body language exists - the reasons for it from an evolutionary standpoint, and how it impacts our lives to this day How we exhibit non-verbal communication through various parts of our body- the face, eyes, arms & legs - and how to read each How our voice can give away our true thoughts feelings - Why understanding the tone and pitch we speak at is so important to be aware of and how to send out the right
