

Bolshevism: The Enemy of Political and Industrial Democracy (Classic Reprint)

In the following pages I have tried to make a plain and easily understandable outline of the origin history, and meaning of Bolshevism. I have attempted to provide the average American reader with a fair and reliable statement of the philosophy, program and policies of the Russian Bolsheviki. In order to avoid confusion, and to keep the matter as simple and clear as possible, I have not tried to deal with the numerous manifestations of Bolshevism in other lands, but have confined myself strictly to the Russian example. With some detail too much, some of my readers may think I I have sketched the historical background in order that the Bolsheviki may be seen in proper perspective and fairly judged in connection with the whole revolutionary movement in Russia. Whoever turns to these pages in the expectation of finding a sensational exposure of Bolshevism and the Bolsheviki will be disappointed. It has been my aim to make a deliberate and scientific study, not an ex parte indictment. A great many lurid and sensational stories about the Bolsheviki have been published, the net result of which is to make the leaders of this phase of the great universal war of the classes appear as brutal and depraved monsters of iniquity. There is not a crime known to mankind, apparently, of which they have not been loudly declared to be guilty. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text.
