

Those Lies We Tell

Dr. Holly Edwards loves her life. She has a job she loves and a loving family that means the world to her. However, when it comes to matters of the heart, Holly never lets anyone get too close to her. Not even the gorgeous Jake Lewis, who just can't seem to get passed her walls. When she has to return home because of a family emergency, she has no choice but to face her past. That includes coming face to face with Alex Collins, the only man she has ever really loved and the reason she keeps her heart so protected. Will she let Alex back into her life and her heart? Or will Jake be the one who helps her find who she really is, and be the rock she needs, when a family secret pulls her life apart.
