

Covert M.D.

SHE COULD TRUST HIM WITH HER LIFE BUT NOT WITH HER HEART. Something sinister was taking place in the shadowy basement of Boston General Hospital and Dr. Nadia French was determined to stop it. A transplant specialist, Nia French was called in to investigate the puzzling deaths of organ transplant recipients at BGH, and nothing was going to keep her from solving the case not even her ex-lover-turned-partner. For Dr. Rafe McKay, women were a liability especially in the field. He had already lost one female partner, and he couldn't let Nia put herself in danger. But Nia had grown up in the ten years since he had walked out on her, and she wasn't about to be chased off this case or away from him!
