

Slash OP (Toy Soldier Book 2)

The White House has ordered the execution of a highly sensitive covert operation in dragon-occupied territory. Though a Slash Op has a zero percent survival rate, the commanding general is forced to enlist his most prized officer for the task. Major Gideon is embarking on his first mission in the dragon district. Yet Gideon has hardly recovered from all that Drago made him endure. For the past three months, Gideon has been plagued with dreams of dragons terrorizing him, but his dreams have gradually turned into sexual fantasies. Despite coming to terms with his longing to have Drago in bed, Gideon cannot suppress his desire to beat Drago's face in. When Gideon is called for a mission in the most dangerous district on Earth, what freaks him out the most is the prospect of seeing Drago again. Content Advisory: Graphic violence, dragon sex, & non-con. Intended for mature readers.

Excerpt: (Adult - Censored) Gideon groaned. How the hell was he going to handle seeing Drago the next day? Gideon had been dying just thinking about him. When he opened his eyes, he spotted a familiar face moving through the crowded bar. Sergeant Talon, in skintight jeans, a black tank top, and sporting a military haircut was walking straight for him. He was hotter than Gideon had ever seen him before. Gideon rose to his feet as he approached. Hey, Major, Talon said, taking Gideon's hand and pulling him into a hug. Talon smacked Gideon's ass and stepped back to check him out. You're so f*cking hot! Gideon's face warmed. Talon was out of line, but it was what he'd grown to expect from him. Uh, okay... Gideon said, stepping to the side in an attempt to put more distance between them, but Talon put his hand on the wall,

preventing his retreat. Gideon furrowed his brow, wondering what kind of game he was playing. During their training, Talon had always taken liberties. When Stella said the first man to make Gideon come would get to take him, Talon had gone down on him like he meant it. You know, I heard you were returning to Fort Hood, and I was hoping I'd find you here, Talon said, pushing Gideons back to the wall. Gideon opened his mouth to protest, but before he could say a word, Talon slid a hand down the front of Gideons jeans. What the...? Gideons protest was cut short when Talons hot lips pressed into his own. Gideon groaned into Talons mouth, but inside he was screaming. This was wrong! Talon was his soldier--he couldn't let him do this. He tried to pull back, but Talon held him in place, deepening his kiss... (censored sex scene). Gideon broke their embrace, struggling for breath while his body quaked. What the hell was he doing? Everything had happened so quickly, yet he had no desire to push Talon away. He needed this. Talons rough hands on him, forcing him to his will. Talon licked Gideons neck and nipped at his ear. Let me take you home, Talon said. Gideon was only slightly buzzed, yet he was completely drunk on Talons dominance. He needed to be touched by another man, one that wasn't Drago. Gideon gave himself over without a word, and let Talon lead him by the hand through the bar and out into the warm evening air.
