Oklahoma Legislature - Wikipedia The United States Congress is the bicameral legislature of the federal government of the United States. Each senator is elected at-large in their state for a six-year term, with terms staggered. In recent times, the American south and west have gained House seats. Congress has sought ways to establish appropriate spending levels.

Understanding American Government, Alternate Edition - Google Books Result New York, however, has a large bicameral legislature--a State Assembly composed of two chambers. The Constitution of the United States of America did not provide for local governments. There are many ways to find out what's happening on the state or local level. You receive updated news hours before it is broadcast or printed.
