

Darcys Continental Escape

Fitzwilliam Darcy is on holiday with his cousin, Richard Fitzwilliam, and his aunt, Lady Matlock. While visiting Vienna, they learn that the French Army is coming their way. Elizabeth Bennet and her elder brother are on holiday, visiting their uncle in Vienna, when word comes that the city is under attack. Both parties reach the docks of the Danube, and are boarding a ship, when chaos explodes, leaving the group dependent upon each other, as they race to escape the continent and return home to England.
