

## Predator in the Night

Three years have passed since Josh Primrose lost his pregnant wife to a tragic hit-and-run accident. He can't seem to get past the fact that that her killer was never found, and his every instinct tells him that something went seriously wrong with the investigation. With current news of another pregnant woman forced off the road, Josh realizes that something is indeed going on. With the help of a female reporter, they together stumble across an alarming number of missing pregnant women over the past several years. Together they search for the possible serial killer, and the reporter decides to put her life in danger in order to do so. Will they find the killer before he finds her, or will Josh lose another woman he has come to love?
