

Thoughts From A Basic Book of Creative Wisdom

For many years the author has participated in and practiced the development of spiritual awareness. Thoughts From A Basic Book of Creative Wisdom, was excerpted from pages channeled to Clyde by his spirit guides. The messages just seemed to stand out on the pages. They cover a wide range of subjects but focus upon the awareness and responsibility of the God-Consciousness within each person. It is recommended that the messages be read a little at a time, perhaps one each day, allowing the reader to contemplate what they mean to the reader. The reader is encouraged to record their spiritual thoughts in spaces provided within the book.
