

At the Crossroads of Terror

What would you do if.... You were being hunted by a gang of killers? These killers are holding your best friend captive. You are also being hunted by the police for a murder you did not commit. Would you run? Would you fight? Who do you turn to for help? Surely not a person you don't trust? Or a person you believe has ulterior motives. These are just some of the situations that haunt Charlie Johnson that he needs to answer. What he does to overcome these and many more obstacles might surprise you and are answered in this new suspenseful romantic thriller. Charlie Johnson, a man suspected of killing a local merchant, reluctantly teams up with a television street reporter, Sherry Mann, trying to prove, he is innocent which takes them both deep into the world of an organized Asian street gang, who is on the verge of making their biggest stride, in their drug business. At the Crossroads of Terror is a very contemporary action filled thriller that crosses over to many genres. The story captures action, crime, suspense, and romance with a touch of comedy. It has it all, which can be a real advantage to the reader, who longs for a touch of reality and believability in their fictional reading. The book will keep you on the edge of your seat wanting more. We believe this novel would make a blockbuster movie someday. The book is also working with RAINN, a non-profit organization helping victims of sexual assault. Each book comes with a RAINN bracelet and a donation is made to RAINN.
