

DISTRACED

After the startling, yet most welcomed success of my Erotic Memoir *First Tango In Paris* (which after only two months became an Amazon #1 Bestseller) I decamped to Southern Spain armed with a car boot full of my diaries and collected pictures and scribbles, to research and compose its Conclusion. It was during the early stages of this process when Antonia, whom many of you will recall from *First Tango*, paid an unexpected visit. It was supposed to have been a quick five-day catch-up, which wholly unintentionally turned into a fourteen-day sexual fiesta. Full days and nights of the most shameless shenanigans, culminating in a very intense erotic evening of pure decadence and debauchery, held in the Marbella villa of Antonia's recently acquired new love interest. Breaking boundaries and pushing limits was the theme. In the period before she arrived, I personally experienced, as you'd expect of me, a number of intensely erotic interludes of my own, several occurring at a rather fun beach close to the house I was renting, all of which are explicitly documented in the subsequent pages. The following accurately recaps what transpired during this brief but fun filled period: A period I feel that I was justifiably Distracted. Written in my own explicit style! Enjoy
