

Blood of the Dragon: Green (Dragon Blood)

On the heels of her brothers mating, Stone finds herself wanting the one thing she never desired. A mate of her own. Unfortunately, and to her extreme confusion, she desires a Human. If the decades-long feud between the Dragons and the Humans wasn't enough of a deterrent, she herself is desired by a very powerful Dragon. One she loathes. Since Damitas capture, Ryzel has had a hard time explaining how he survived, that he didn't set her up. And an even harder time getting the female Dragon, who let him escape, out of his head. Questioning his sanity, he busies himself with sentry duty, only to touch her in a dream, and realize resistance is futile. As Stone prepares to go to Ryzel, Hollow Dragon Oberon goes to her father to ask for her hand, forcing Ryzel to challenge him. To the death. Knowing he has one year to learn to defeat a Dragon she herself trained fills the unshakeable Stone with genuine fear. If Ryzel loses, they both die. And he doesn't even know.
