

Effingham County:: Transforming the Illinois Prairie (Brief History)

Those who have halted their treks down the National Road in Effingham County form a diverse band of characters, from Joseph Boleyjack, known as the parched corn, summer preacher, to polished orators like William Jennings Bryan, who continued exhorting enthusiastic Effingham crowds as his train pulled away. Donaldson traces this story back to before this land was known as Effingham, to the burial mounds of the Kickapoo. He presses on through the challenges the countys determined inhabitants faced in the twentieth century, from the horrors witnessed abroad in the world wars to those faced at home during the Great Depression and in the tragic St. Anthonys Hospital fire. His obvious passion for the countys past is sure to strike a spark with lifelong residents and new arrivals alike.
