

Esteem Makeover: Gods Edition

Esteem Makeover: Gods Edition is a short daily devotional that takes you through seven complete weeks of daily revelation and restoration. It is my prayer and belief that if you work through this book earnestly and with humility, ready to look at the most frightening parts of your own demeaning behaviors, you will come out as pure gold on the other side. Better. Stronger. It is very simple in its construction. Broken down into weeks and each week broken down into days. I have identified a Psalm for every day and then provided some personal insight as to its application. And while it is written to cover seven days a week over the course of seven weeks, take as long as you need for each though I dare not say take less. Introspection can be a slow and painful process. Embrace it.
