

Even Me: Once Scarred and Broken, Now Worthy

Even Me is a book about an unworthy feeling young woman who struggled with the scars and brokenness that were caused by a series of life interruptions. Living her life without the father whose love she so desperately craved caused her to look for love in all the wrong places. Becoming a single parent at the age of 20 made her realize that her life was not over, but just beginning. Losing loved ones and experiencing the shattering of hopes and dreams made her more dependent upon God. Even Me is about the inner strength that was found to overcome the many obstacles that were set before her. One day this young woman had a personal encounter with God that led her to being delivered from sinful acts that has kept her in bondage for years and the restoration that caused her to realize how worthy she really was. Even Me is a book that will encourage a single parent, make a non-believer believe in the Promises of Jesus, but most importantly, will lead some soul to their deliverance. Be it man, woman, boy or girl; God used me and he can still use you. After reading Even Me, I hope and pray that some young women or young man will realize that not all of life interruptions are meant for bad; but meant for your good.
