

# The Dating Game: Insights Into Affairs of The Heart

Social networking sites, cell phones, texting, online chat and dating make it easier for us to access each other, but more difficult to form solid emotional bonds. The 21st Century has life and relationships moving at a pace never before realized in earlier cultures. People are plugged in and connected on a 24/7 basis, yet, many still struggle with establishing healthy relationships. The Dating Game provides insights into modern relationships and provides the reader with strategies for coping with dating, breaking up, affairs, divorce and codependency issues. Find dating tips and relationship strategies that will help you build the healthy connections you want and begin making your relationships work for you. Written with a sense of humor and true understanding of what the single person is facing today.
