

## Fast Lane (The Changes Relationships Go Through)

Fast Lane is the story of Theodore DeWayne Cooper. It tells of how one event can have a ripple effect on all of the relationships in your life. DeWayne goes to college but decides that its not for him and upon returning home he makes some hasty decisions which cause him to re-evaluate his life. Those decisions also cause DeWayne to question every relationship in his life, especially the one he shares with his two best friends Anthony Sykes and Terry Williams. Will one night change their lives forever? Will trying to live life in the fast lane be deadly for the friends? Take the journey with DeWayne as he attempts to live life in the Fast Lane.
