

Double Entry - An Accountants Love Story

Double Entry is the basis of all accounting principles and work that accountants do. But can it also reflect in other aspects of an accountants life - like love? After years of struggle, Raj finally clears the difficult Chartered Accountancy exam. With addition of the 2 magical letters CA as prefix to his name, he is confident of getting a good job in Mumbai and settling down to a comfortable life he dreamt of. But fate has other plans for him. He is set on a roller coaster ride that takes him to another city where he discovers friendship, love, loss and more. And in this journey, he finds answers to two important questions in life: 1) Can all dreams come true one day? 2) Can love stand the test of time?
