

Fokus Deutsch: Intermediate German (Student Edition + Listening Comprehension Audio Cassette)

Fokus Deutsch offers a powerful new resource for teaching beginning and intermediate German. This dynamic new three-level program carefully integrates videos, texts, audio and other supplements to bring German language, history and culture into focus for students. Fokus Deutsch was created through a collaboration of the Annenberg/CPB project, WGBH/Boston, and the McGraw-Hill Companies - the trio who also created Destinos, Nuevos Destinos, and Connect with English - along with Inter Naciones and the Goethe-Institut. The result is an original and engaging program that immerses students in the reality of German life, history, and culture. The comprehensive package for Fokus Deutsch also includes such multimedia supplements as a CD-ROM resource for instructors and a text specific website! In short, Fokus Deutsch is a comprehensive, well-organized program that integrates video, audio print and technology as effectively as it integrates language, drama, culture, and history.
