

History of the Twenty-Second United States Infantry in World War II (Compiled and Edited by Dr. William S. Boice, Chaplain)

A history of the Twenty-Second United States Infantry prepared by Colonel John McA. Palmer and Major William R. Smith, complete through May 1922 and published in that year is the only comprehensive history of the regiment to that date. This is the history of the regiment in World War II, closing with the inactivation of the regiment in 1945. The history is based on the Action--after--action report of the regiment during combat, and compiled by Lt. David R. James at Camp Butner, North Carolina, in 1945. Personal data and material have been supplied by Colonel Arthur S. Teague, Major-General Charles T. Lanham, Captain Donald L. Faulkner, and from contemporary publications. Original material is supplied by the editor. --William S. Boice, Chaplain, The Twenty-Second Infantry.
