

No Role for a Gentleman (The Gryphon)

From reserved gentleman to societys darling Laurence Bretton has been the talk of the Ton since the shock announcement that he is the celebrated playwright Valentine Lawe. Keeping up the charade for his sisters sake isnt a problem that is, until he lays eyes on Lady Joanna Northrup. Since her father inherited his title, Joanna is no longer free to marry for love. Now she must choose a wealthy, titled husband and soon! Regretfully, this doesnt include the dashing Laurence and certainly not his flamboyant alter ego. But the twinkle in his eyes tells her theres so much more to this man. If only he can pen a happy ending for them both.
