

## Light in Mourning

An Amazon HOT NEW RELEASE! An Amazon Bestseller! They say that madness is doing the same thing over and over again and expecting different results...but what happens when the very person that brought your heart back to life has the ability to shatter it with one confession? After an explosive affair left their hearts battered and scarred, Georgia and Tristan are trying for a fresh start. She is determined to take it slow and not repeat the mistakes of the past, while Tristan is willing to throw caution to the wind as long as he has his dark-haired girl in his life...and in his bed. But Georgia and Tristan can't shelter their love from the outside world, and the moments of exquisite passion they share aren't enough to sustain the relationship. When scars from the past resurface--will their hearts meld together as one? Or will outside forces tear them apart, leaving an empty shell where love and passion once thrived?
