

Grief Diaries: Surviving Loss of a Child: A collection of intimate stories about surviving the loss of a child

When we lose a child, life as we know it ends and a new one begins. We find ourselves embarking on a journey through a dark, maze-like abyss without a compass or light. But the truth is, you aren't alone in the dark, for there are many of us. In *Grief Diaries: Surviving Loss of a Child*, we share your journey. We understand the painful holidays, the shifted friendships, and the overwhelming emotions that threaten to engulf us in the grocery store. This book is like your own portable support group, open 24/7. *Grief Diaries: Loss of a Child* is a deeply intimate collection of stories by parents around the world who have all walked in your shoes. Consider this book one of your bereavement tools, and pull it out whenever you need. For no matter the age, the circumstance, or number of days since your beloved child's passing, the stories contained within this book offer company, comfort and hope, and are a treasured reminder that none of us walk this journey alone.
