

Living by Bread Alone: Mans Quest for the Good Life

God never intended for man to live by bread alone. In this book, Living by Bread Alone, the reader will discover that it takes more than physical bread alone to live the abundant life that God planned for mankind. In Living by bread alone, James K. Coleman defines the different kinds of people: natural man, the ordinary believer, and the uncommon believer, and he also shows the proper place of bread in mans life. The reader will learn: how to live by the words of God, how to live by faith and what are the tools that make faith work effectively.
