

His Fathers Son

An unexpected thunderstorm changes one pregnant woman's life forever. Her husband is killed in a car accident, leaving Andrea to run the business and raise their child alone. Letting go of the past proves difficult for Andrea. Her son, Morgan, is troubled by the lack of a father figure and her friends and family seem to think she needs a man in her life. Financial problems lead her to extend an existing loan, and her bank manager seems to take more than a passing interest in her. Will he have any success in breaking down the barriers Andrea has set up around herself? If he does, will that prove to be a blessing or a curse? Will Angela be able to raise Morgan to be His Fathers Son?
