

His Texas Wildflower (Men of the West Book 20)

Proper, polished Rebecca Hardaway came to New Mexico to pay her respects to the aunt she never knew and discover the truth about her new inheritance. But keeping a broken-down farm wasn't exactly in the big-city girls plan. Until Jake Rollins showed up at her door. The rancher usually a love 'em and leave 'em kind of guy couldn't help but wish Rebecca would find a reason to stay, at least for a little while. As she searched for clues about her mysterious past, Jake did what he could to comfort her, to care for her and found himself captivated by her. And he kept reminding himself that loving her wasn't in his plan.
