

His for Tonight, Book 1: A Bad Boy Billionaire Romance (His for Tonight Series)

I was only supposed to belong to him for one night...The limo pulls to a stop in front of the city's most expensive hotel. In a luxury suite upstairs, a wealthy, powerful man is waiting for me. For tonight, I belong to him. He has bought and paid for me. I know him only by his code name, Mr. West. We'll never know each other's real identities. And after tonight, he'll never see me again. That's how I want it. Even as I submit to him, I'm the one in control. But I never expected him to be so young--or so hot. The agency didn't tell me he was a tattooed, superstar athlete. We were only meant to spend one night together. Romance wasn't supposed to be part of our arrangement...but no guy has ever made me feel the way he makes me feel. And emotions weren't covered in our contract. Please note: His for Tonight Book 1 is a bad boy sports romance with plenty of sexy fun! This 70-page novella is Book 1 of a 4-part serial, so watch out for cliffhangers--and one demanding, dirty-talking player with a sexy accent who will melt your panties!
