

## Historical Dictionary of Georgia

Situated between the Black and the Caspian Seas, the country of Georgia (Gruzia) sits at the crossroads between Europe and Asia. This is an ancient country, with thousands of years of wine-making, three-thousand years of statehood, and almost two millennia of Christianity. Scholar Alexander Mikaberidze has created an invaluable source on the long and turbulent history of Georgia. The Historical Dictionary of Georgia, through its chronology, glossary, introduction, appendixes, maps, bibliography, and hundreds of cross-referenced dictionary entries on important persons, places, events, and institutions and significant political, economic, social, and cultural aspects, traces Georgias history and provides a compass for the direction the country is heading.
