

Hope Renewed: Picking Up the Pieces After Loss

Hope Renewed: Picking UP the Pieces After Loss leaves the reader knowing how to survive a personal loss and how to better understand others and their struggle with loss. Everyone, at some point in their lives, will go through a loss, be it a parent, sibling, child, friend, hopes or dreams. None will escape! Among other things, this book details the best way to break bad news, explains how shock is really a gift in disguise, what body mapping and an anger allowance are, and what corrodes a marriage after a child dies. It shares why closure is not closure, and finally, how love is constant beyond death. Hope Renewed speaks to you as you seek comfort -- or comfort others. It truly is Hope Renewed.
