

Home Team

After fifteen years playing pro hockey, Aaron Buckley screws up, and his mistake and his attitude get him sent down to the minor leagues. His new team is in his old city, where he started his career in hockey, and also where he left his boyfriend behind. His luck hasn't improved since joining a team of rookies and kids, but he has discovered that Zach the ex-boyfriend who could never compete with hockey for Aaron's love is still in town. Aaron has a second chance to answer the same question: Zach or hockey? But maybe it's time for a new question.
