

## Captivate my Heart (The Subzero Series Book 3)

Captivate my Heart is book 3 in the Subzero Series. Caroline Ashby has spent the past seven months wanting Noah Walker. Noah has spent the past seven long, agonizing months telling himself to stay away from Caroline. But the moment comes where they can't stay away from each other any longer, despite the fact that neither of them has an interest in commitment or any of the emotional baggage that comes along with being in an actual relationship. They think they have formed the perfect union until one of them admits they have fallen in love with the other. As they struggle to deal with their feelings, they both find themselves being forced to confront parts of their past—the same parts that caused their issues in the first place. Can they both learn to open up their hearts so they can find their happily ever after together or are they destined to just fall apart? \*\*\*This Book Does Contain Mature Content\*\*\*
