

How To Hear God: Keys To Hearing Gods Voice Every Day (Christian Life Coaching Guide Book 1)

The big secret about hearing Gods voice is...there is no secret! The fact is, God wants you to hear Him even more than you want to hear Him. He even promises that His sheep (thats us!) will hear His voice. Anybody can hear from God. In fact, you hear God every day, you just dont always recognise that it is God speaking to you. This practical, inspiring coaching guide equips you to recognize Gods voice, even if your prayer life is currently weak or even non-existent. God wants to become more real to you than you can imagine. He intended prayer to be a two way conversation, two way dialogues between you and Him. You will discover: => The keys to hearing Gods voice What Gods voice sounds like How to easily have two way conversations with God How you can know that its God speaking rather than your own thoughts What to do when hearing God is a struggle It is designed to help people who dont think they hear Gods voice to know when they do - and also to help people who already hear God, to hear Him more often and more clearly. Whether youre just starting out on this exciting journey; or you already hear from God but want to develop a deeper intimacy with Him, you will find essential keys to hearing God speak to you about everything from life changing decisions to everyday issues. Who is this book for? For those who dont believe God speaks...For those who believe God speaks, (just not to me...) For those who believe God speaks to them, but theyve never listened...For those who have heard God speak (at least I think it was God...) For those who have heard God speak to them, but didnt know what to do next... Lynne Lees book How to Hear God is for you! This book proves, through scripture, logic and personal experience that God desires to speak to us, that He does speak to us and that we can hear Him and know how to respond.
