

# Human Sexuality: Self, Society, and Culture

Human Sexuality: Self Society and Culture is a fully integrated learning system which encourages students to think critically and supports students through their journey towards greater self-awareness. It is accompanied by Learnsmart the groundbreaking online adaptive learning diagnostic tool that provides an individualized learning environment to help students identify what they know and more importantly what they dont knowhelping them become active participants as they learn to appreciate all aspects of human sexuality. With its positive thought-provoking appraisal of the human sexual experience Human Sexuality: Self Society and Culture emphasizes the need to think critically about the contexts that shape sexualityas well as highlights the role of sexuality in our community culture and society. Gil Herdt and Nicole Polen create an environment where students can feel free to explore their self-awareness while inspiring a lifelong appreciation for their sexual well-being. Human Sexuality: Self Society and Culture gives students the tools they need to embrace the entire human sexual experience with an emphasis on current and engaging research and strong coverage of diversity.
